

# 12V INFRARED BODY MOTION SENSOR

## Specifications

Parameter Category	Technical Specifications	
Product name	Infrared Motion Sensor	
Model	GCS-AC-AS-1000-PIR2	
Product Description	<ol style="list-style-type: none"><li>1. Product Type</li><li>2. Input Voltage</li><li>3. Coverage Angle</li><li>4. Mounting Height</li><li>5. Activity Detection Time</li><li>6. Mounting</li><li>7. Fixing</li></ol>	Infrared Motion Sensor 12VDC Oblique 45 Degree 5 Meters 2-5 Seconds for Dry Contact or 485(low) Ceiling-mount Screw + clip-in

## Other Details

<ol style="list-style-type: none"><li>1. Color</li><li>2. Outlet Core material</li></ol>	Light grey Fire retardant plastic
--	--------------------------------------

## Standard

CE
----

## Applications

Stylish design with perfect craftsmanship, refinement and reliable performance. Recommended for hospitality or commercial environment.
--

## Environment

<ol style="list-style-type: none"><li>1. Ambient operation temperature</li><li>2. Relative humidity</li><li>3. Application area</li></ol>	-5 to 40 deg C 0 to 95% Indoor
