

Bellevue Hotel is situated right at the heart of its bustling business center in Manila and is equipped with 456 rooms and suites. The rooms were carefully designed with guests' comfort in mind, and each room features soft beds and spacious and stylish interiors for a good night's sleep. The hotel offers a gastronomic adventure with fantastic dining options, and work on the guest wellness with the hotel's state-of-the-art facilities such as the spa, gym, and swimming pool. With excellent service, spacious and comfortable rooms, and top-notch facilities and amenities, this five-star hotel in Alabang promises a delightful experience for its valued guests.

The Bellevue Hotels and Resorts, amidst the pandemic, has been working on enhancing and further strengthening its precautionary measures and operational standards to ensure the safety and well-being of all guests and personnel.

The hotel purchased 15 units of GuestControl™ GermClean™ UVC-1012 wall-mount UV lights to sanitize different areas in the hotel in ensuring guests safety.
